

# How Students Are Performing Spring 2022

June 6, 2022

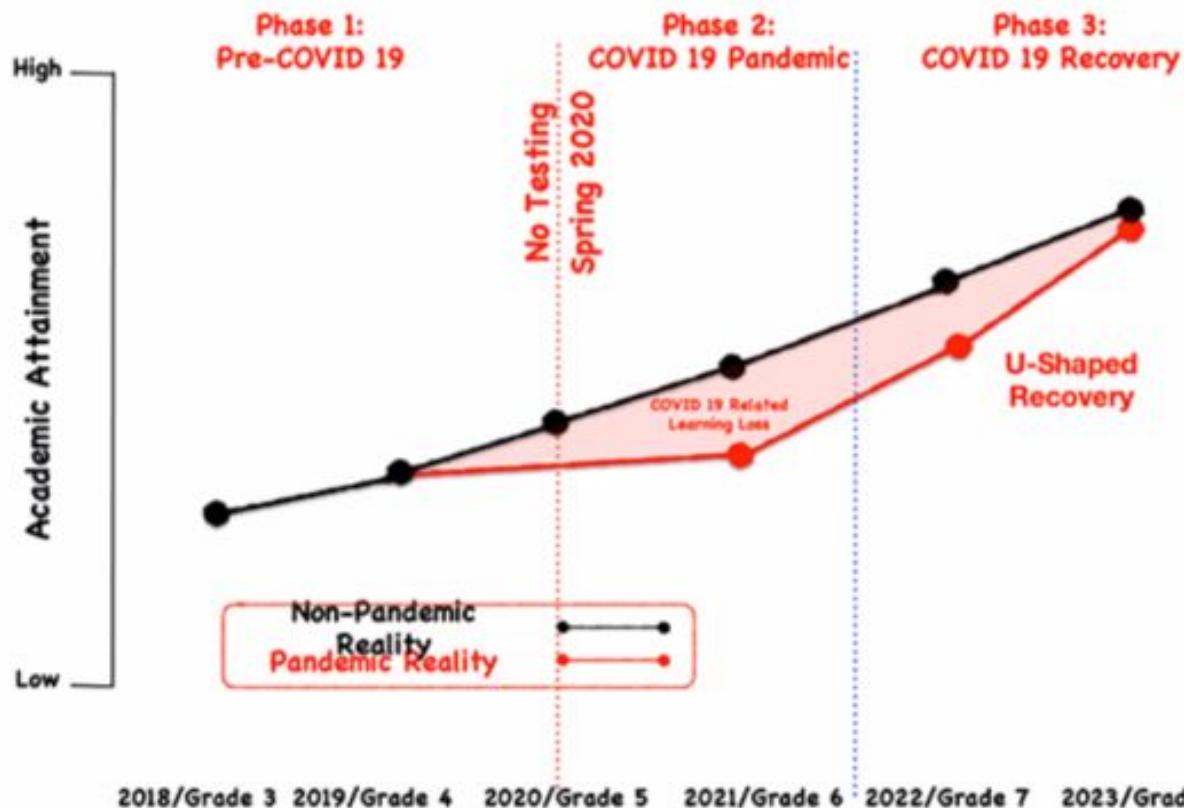

# V-Shaped Recovery

Performance Drop Followed by Brisk Recovery

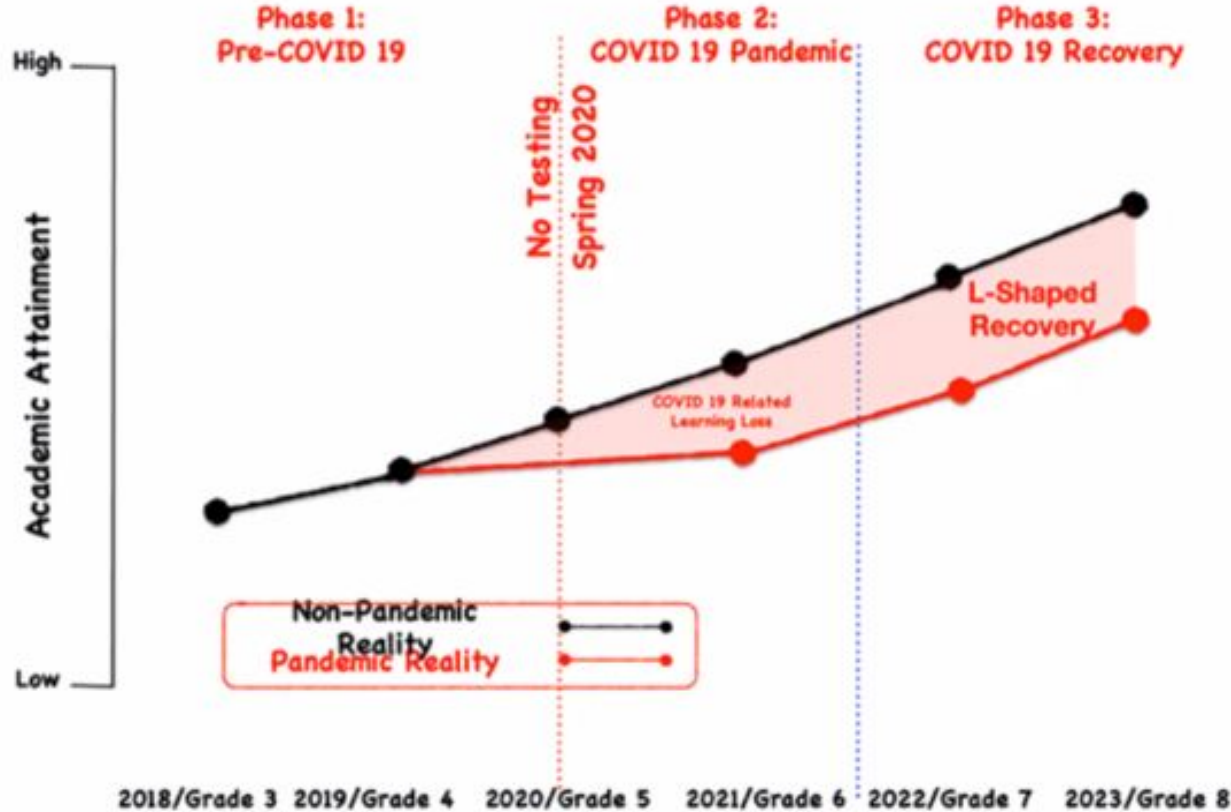

## U-Shaped Recovery

Dip and then rebound in performance due to accelerated growth

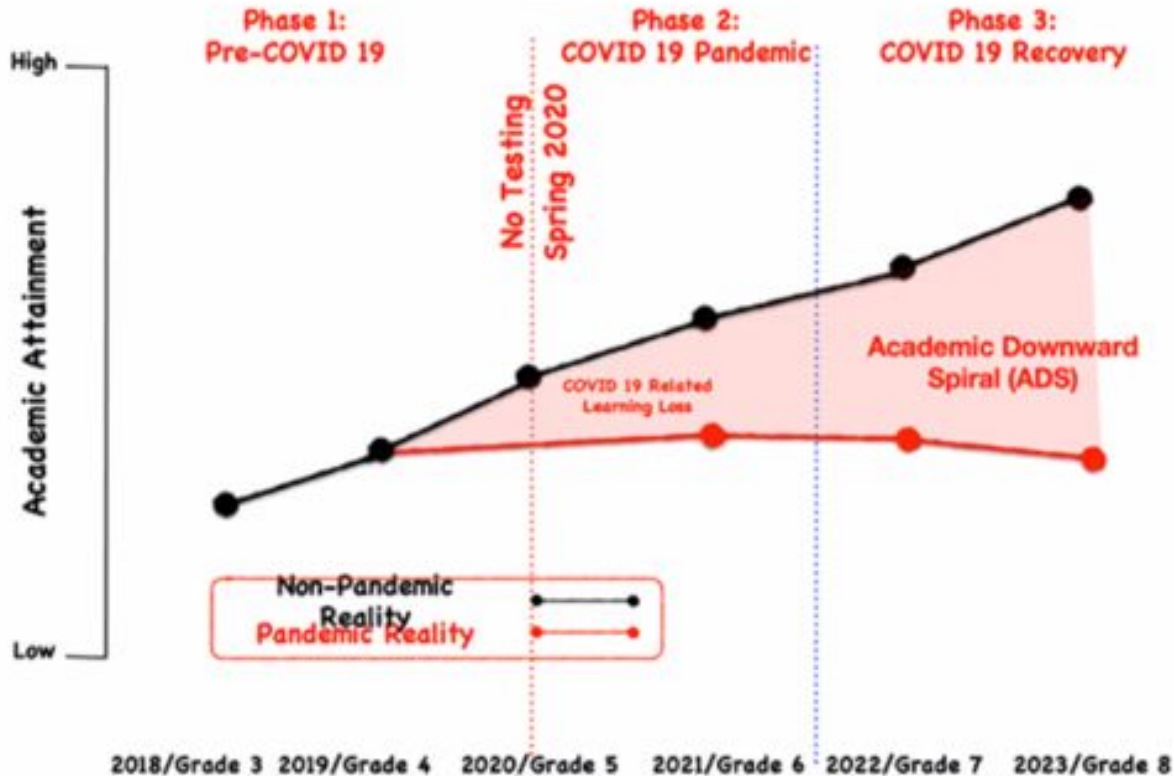

## L-Shaped Recovery

Growth returns to pre-pandemic levels, but performance doesn't

## Downward Spiral

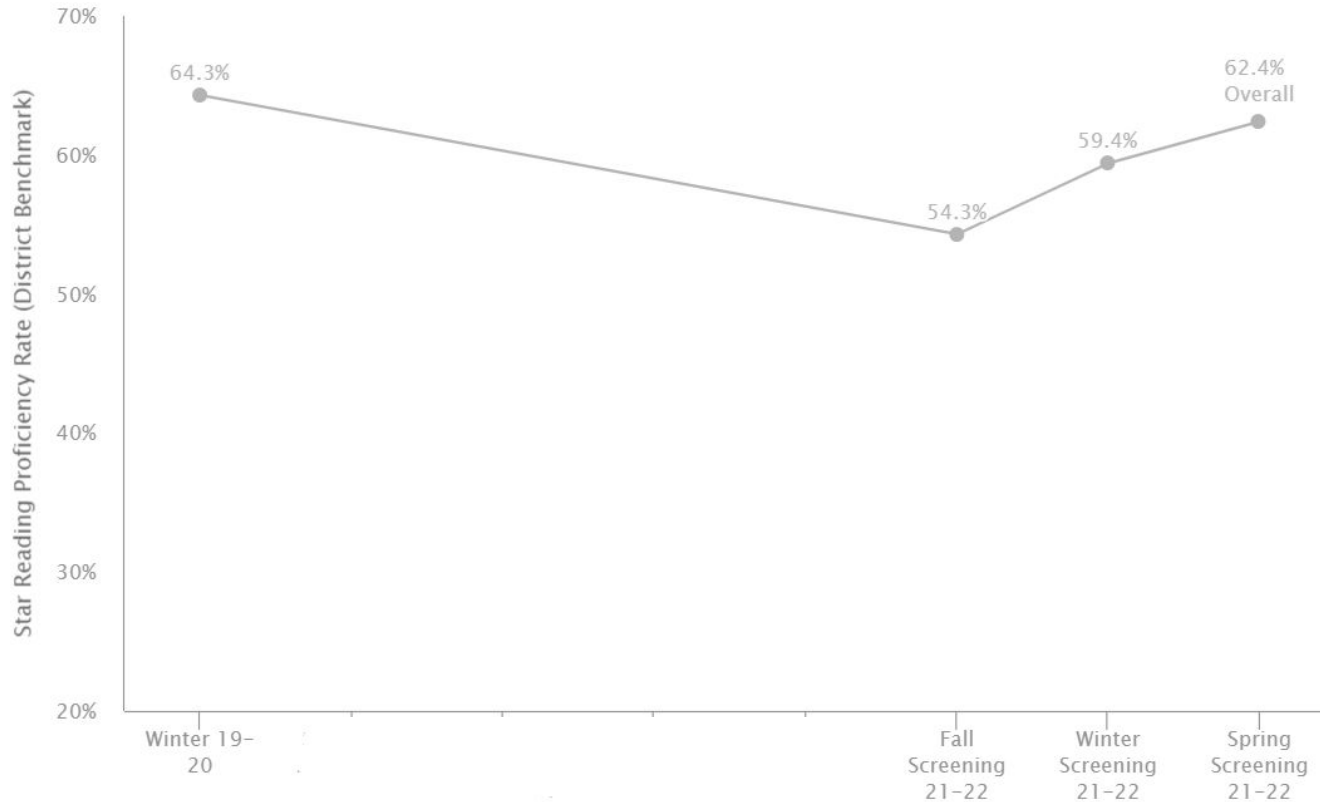

Growth and Performance continue to decline

# Is there evidence of recovery?

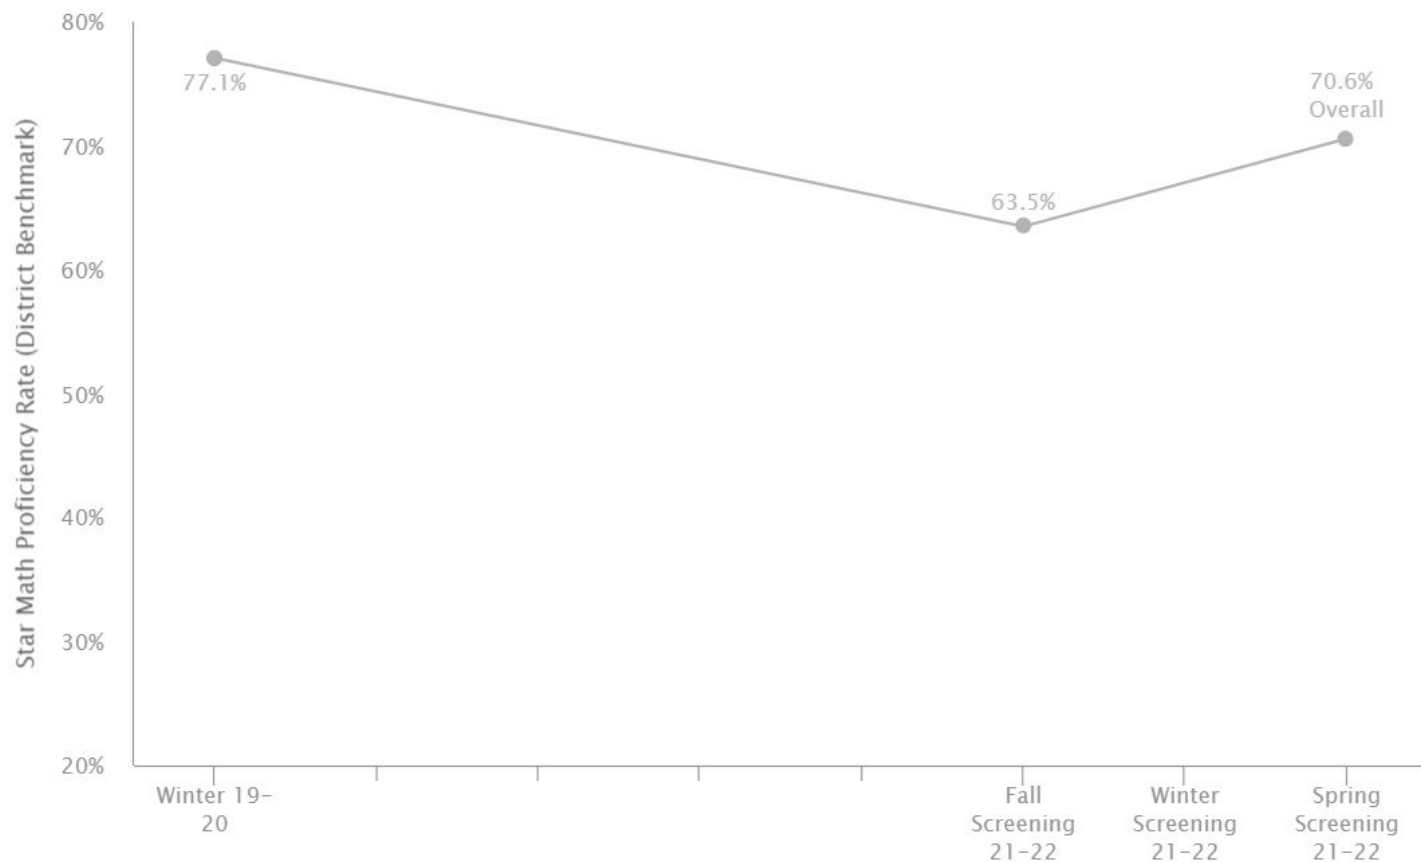

Overall, students nationally and in NYS are performing lower this year compared to both pre-pandemic and to last year, suggesting that the pandemic continues to have a compounding effect on student achievement.
