Student Health Requirements for Entrance to School

Dear Parent/Guardian:

The School Health Service Staff welcomes you and your child to the Bedford Central Schools. Our primary interest is the well-being of your child. Please review the attached forms and have them completed as specified. Return all forms to your school nurse.

CERTIFICATE OF IMMUNIZATION: REQUIRED PRIOR TO SCHOOL ATTENDANCE

The following are acceptable forms:

- 1. The enclosed BCSD Certificate of Immunization or any form listing all the required immunizations that is signed by your physician or licensed healthcare provider.
- 2. A military childhood immunization record or other medical health record.

Please see the attached for what is accepted as the minimum immunization requirements for school attendance according to NYS Education Law and Public Health Law.

If a student has incomplete immunizations, the parent/guardian must show acceptable proof that the child is "in process of receiving" the required immunizations.

- 1. A child must have received at least one dose of each vaccine and;
- 2. The parent/guardian must provide the date(s) of appointments with a specified healthcare provider or facility for completion of the required immunization(s).

The school will then allow the child to enter and/or attend school but will maintain supervision until the process has been completed or exclude the child if the parent/guardian defaults. The Principal or other person in charge of any school is required by law to refuse to admit a child to school without acceptable proof of required immunizations or exemption.

PHYSICAL EXAM: REQUIRED PRIOR TO SCHOOL ATTENDANCE

All new entrants (including out of district/state transfers) are required to have a physical exam dated within one year of the first day of school. Please have your child's healthcare provider complete the attached mandated form, sign and return the physical exam to your child's School Nurse. <u>ALL</u> information must be completed on the physical exam form.

HEALTH HISTORY: REQUIRED PRIOR TO SCHOOL ATTENDANCE

In order to keep a current and accurate health file on your child, please complete and return the health history form with the school physical form to your child's School Nurse.

DENTAL EXAM: RECOMMENDED PRIOR TO SCHOOL ATTENDANCE

Please have the dental form completed and signed by your child's dentist and returned with your child's physical form.

Thank you for your cooperation in this health endeavor. Our students benefit when we work together to promote the health and achievement of all students. Please call the school Health Office with any questions or concerns.

Yours truly,

School Health Services

BEDFORD CENTRAL SCHOOL DISTRICT School Health Services

THE FOX LANE CAMPUS, P.O. BOX 180 MOUNT KISCO, NEW YORK 10549 914-241-6000

Dr. Robert Glass Superintendent of Schools Dr. Louis Corsaro Medical Director

Dear Parent/Guardian,

We are working diligently to create a safe and healthy environment and look forward to welcoming all our students back to school in September.

It is the aim of the Bedford Central School District for each child to have a health examination every year. However, New York State Education Law requires children to have a physical examination if they are entering: **Pre-K**, **Kindergarten**, **grades 1**, **3**, **5**, **7**, **9** and **11**.

Schools cannot accept the health exam if it is not on the required NYS Health Examination Form.

It is now more important than ever to keep up with your child's well visits and remain up to date with your immunizations.

The exam is valid if it is within the twelve months prior to the start of the school year. Any physical performed by a New York State physician on or after September 3, 2023 will be considered current.

The required physical and dental examination forms are posted on the school's website for you to print.

Thank you for your cooperation and please feel free to contact me with any questions or concerns.

Sincerely,

BCSD School Nurses

REQUIRED NYS SCHOOL HEALTH EXAMINATION FORM TO BE COMPLETED BY PRIVATE HEALTHCARE PROVIDER OR SCHOOL MEDICAL DIRECTOR IF AN AREA IS NOT ASSESSED INDICATE NOT DONE

Note: NYSED requires a physical exam for new entrants and students in Grades Pre-K or K, 1, 3, 5, 7, 9 & 11; annually for interscholastic sports; and working papers as needed; or as required by the Committee on Special Education (CSE) or Committee on Pre-School Special education (CPSE).

Dental Health Certificate - Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request an oral health assessment at the same time a health examination is required. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section	n 1. To be comple	eted by Parent	r Guardian (Pleas	e Print)		
Child's Name:		FireI	Mkl	ldie
