In this club, participants learn about Shakespeare's plays, practice monologues and scenes, and have the option to perform in an after-school showcase. The focus is on hands-on activities and collaboration, allowing students to develop their acting skills with the guidance of an ELA teacher. Our sessions culminate in a casual showcase where members can choose to perform and share their passion for Shakespeare with their peers. "Shakespeare Society" is a place where students not only gain insight into classic literature but also build confidence and camaraderie through the shared experience of bringing Shakespearean characters to life.</p>
